## PERSONAL DETAILS

**Nationality**

Sri Lankan

**Visa**

TSS Subclass 482 (Full work rights)

# FATHIMA RIZMIYA

IT Enthusiast and Versatile Professional

## ABOUT ME

As a motivated professional seeking to transition from chemistry to IT, I possess strong transferable skills in problem-solving, analytical thinking, and attention to detail. I am passionate about technology and consider myself a quick learner with experience working with technical tools and software. In addition, I am dedicated to achieving success in the dynamic field of IT.

## WORK EXPERIENCE

**2019 - 2022 SRI LANKA TEACHER SERVICE (CHEMISTRY)**  
**Ministry of Education, Sri Lanka**

Instructed advanced-level students through lectures, practical sessions, and demonstrations  
Developed strategies to incorporate curriculum implementation plans

**2016 - 2018 LECTURER (CHEMISTRY)**  
**Uva Wellassa University, Sri Lanka**

Delivered weekly lectures and mentored students at all levels  
Worked in the university chemistry laboratories and assisted undergraduate students

**2016 - 2016 DEMONSTRATOR (CHEMISTRY)**  
**University of Peradeniya, Sri Lanka**

Conducted tutorial classes, practical sessions and assisted undergraduate students

**2014 - 2015 CHEMIST (IN-PLANT TRAINEE)**  
**Holcim Lanka Ltd, Sri Lanka**

Carried out research in some special areas in the field of chemistry and gained knowledge on waste management mechanisms, cement production, preprocessing and co-processing of alternative fuels

## EDUCATION

**2011-2015 B.Sc. HONOURS**  
**GPA: 3.69 (out of 4.00)**  
Second class (Upper division)  
University of Peradeniya, Sri Lanka

**2023 React JS Development (Digital Jobs Program)**  
General Assembly, Australia

## RESEARCH EXPERIENCE

**Jan 2015 –Nov 2015 UNDERGRADUATE RESEARCH ASSISTANT**  
**University of Peradeniya, Sri Lanka**

**Field(s):** Physical and Analytical Chemistry

**Topic:** Developing a spill kit capable of neutralizing harmful liquids

**Techniques used:** FTIR, UV-VIS, NMR, wet chemistry techniques, water absorbency, polymer crosslinking, polymer grafting

**Dec 2014–Feb 2015 INDUSTRIAL TRAINING RESEARCH ASSISTANT**  
**Holcim Lanka Ltd, Sri Lanka**

**Field(s):** Analytical Chemistry

**Topic:** Economical way of coagulating Nitrile Butadiene Rubber (NBR) from NBR-containing emulsion

**Techniques used:** Sulfur analyzer, pH meter, viscometer, wet chemistry techniques, muffle furnace

I certify that the above details furnished by me are true and accurate to the best of my knowledge.
